

Discounts and vouchers

Register online and we offer you up to a 50% discount

Select your course at <http://www.u2u.be/calendar> and click on a date to book your course. Calculate your discount and price per participant.

10% discount, if you bring your own portable pc: U2U offers you a 10% discount if you bring your own portable PC to the course. We encourage you to follow a U2U course on your own portable PC. Therefore on most courses, we offer you a 10% discount if you bring your own PC to the course; notice that you must have installed your own software in order to complete the hands-ons and labs

15% discount for 14-Day Advance Prepayment: On most courses, U2U will offer you an extra 15% discount if you pay in advance. To qualify for this 14-Day Advance Prepayment Discount, U2U must receive the full payment of the training at least two weeks prior to the scheduled course; your registration will be final and cannot be refunded, cancelled or changed.

15% discount for the second participant of the same company: To encourage multiple participants in the same course program, U2U offers special discounts for simultaneous registrations. 25% discount from the third participant of the same company.

How to obtain a 50% discount?

Book multiple participants in the same course program, without PCs; prepay 14 days in advance. The first participant will receive a 25% discount, the second a 25% + 15% = 40% discount and from the third participant of the same company, a 25% + 25% = **50% discount** will be given. Your group's price for a 5-day course with normal price 1750 €:

First participant: 1750 € - 25% = 1313 €
Second participant: 1750 € - 40% = 1050 €
Third participant: 1750 € - **50%** = 875 €

Total for 3 participants: 3238 € (instead of 5250 €)

Or obtain a 20% discount with your contract code

If your company requires 25 or more training days in one year, the *Enterprise Training Agreement* provides a significant discount opportunity of 20% on all scheduled courses. Contact info@u2u.be and we will provide you with a contract code that you can use each time when you register an employee of your company.

Vouchers

U2U accepts Microsoft Software Assurance Vouchers. The Microsoft Software Assurance Program benefits include training vouchers for qualifying organizations. Credits are issued to you by your Software Assurance benefit coordinator in the form of an e-mail training voucher that can be applied to any Microsoft Official Course offered at U2U.
